# CONFERENCE HIGHLIGHTS

- Skin Diseases
- Cosmetic surgery
- Dermatopathology
- Paediatric Dermatology
- Immunodermatology
- Aesthetic Medicine19
- Plastic Surgery
- Diet & Nutritional Supplements for Healthy Skin
- Oral and maxillofacial Surgery
- Melanoma
- Dermatology
- Trichology and hair transplantation
- Surgical Dermatology
- Rhinoplasty and otoplasty
- Nail Diseases
- Cosmetology
- Skincare Treatment
- Laser Skin Resurfacing
- Clinical Trial and Case reports
- Latest Trends and Innovation in Dermatology

# EVENT AT A GLANCE

## **Turban tumor syndrome: In search of a gold standard – A case report**

**Jakub Bargiel**, Jagiellonian University, Poland

## **Short-term follow-up of a randomized controlled trial of microneedling followed by 5% or 0.5% 5-fluorouracil versus 5% or 0.5% 5-fluorouracil alone in actinic keratoses of the face**

**Celia Luiza Petersen Vitello Kalil**, Celia Kalil Dermatological Clinic, Brazil

## **Multiple cutaneous nodules in segmental distribution- Zosteriform leiomyoma revisited**

**Surabhi Sharma**, IPGME&R, India

## **Alopecia, chemotherapy and cold caps or scalp cooling system**

**Dahiana Amarillo**, Servicio de Oncologia Clinica, Uruguay

## **Unexpected riziform bodies**

**Isabella Zurita Deho**, Hospital Sirio Libanes, Brazil

## **Intradermal injections of trehalose preparations to improve skin quality: Clinical observations**

**Alena Kovaliuk**, Clinic of Professor Yutskovskaya, Russia

## **Pilar leiomyomas: New dermoscopic pattern**

**Meryem Soughi**, University Hospital Fes Morocco, Morocco

## **Mucocutaneous Findings in Haematolymphoid Neoplasms: An Observational Study**

**Anmol Batra**, AIIMS Jodhpur, India

## **Efficacy & safety of intense pulsed light therapy for unwanted facial hair: A retrospective analysis in skin of color**

**Ajay Deshpande**, Dr. Ajay Deshpande's Clinic, India

## **Melanoma prevention programme. Groups of increased risk of melanoma**

**Karolina Zakowicz-Mietkiewicz**, University of Health Science, Poland

## **Automated microneedling versus fractional CO2 laser in treatment of traumatic scars: A clinical and histochemical study**

**Inas Shaker**, Cairo University, Egypt

**Title: Ablative carbon dioxide laser treatment for papular scars of nose and chin due to acne: A case series**

**Sanjeevani Fonseka**, University of Peradeniya, Srilanka

**Title: Androgen receptor, oxidative stress and inflammation at the crossroads of skin diseases**

**Yiumo Michael Chan**, AnnJi Pharmaceutical Co. Ltd, Taiwan

**Title: Schamberg's disease affecting both upper and lower limbs**

**Surajbala Khurajam**, All India Institute of Medical Sciences Rishikesh, India

**Title: Lymphangioma circumscriptum under the dermatoscope**

**Prakhar Srivastava**, Vardhman Mahavir Medical College, India

**Title: Some cutaneous manifestations in febrile neutropenic immunocompromised patients, evidence-based case: Review article**

**Iman Almasry**, Asad K. al-Hamad Dermatological Center, Kuwait

**Title: The impact of Hashimoto's disease on skin, hair, and nails**

**Olga Koczorowska-Talarczyk**, TerraCare, Poland

**Title: Onychopathy induced by nivolumab: A targeted immunotherapy**

**Fatima Zahoor**, P.N.S Shifa Hospital, Pakistan

**Title: New treatment models on acne vulgaris**

**Melis Gonulal**, Izmir Tepecik Training and Research Hospital, Turkey

**Title: Iododerma after lugol use for pre-operative preparation of thyroidectomy**

**David Almeida**, State University of Rio de Janeiro, Brazil

**Title: Overcoming challenges in management of atopic dermatitis: Role of oxidative stress in the pathogenesis and treatment target of atopic dermatitis (ROAD)**

**Lisa Braganza**, Menarini Asia-Pacific Pte Ltd, Singapore

**Title: Onychomatricoma with onychomycosis**

**Thomas Novoa Gomes Jaeger**, Institute of Dermatology professor Rubem David Azulay, Brazil

**Title: Fractional carbon dioxide (co2) laser alone versus fractional co2 laser combined with triamcinolone acetonide or trichloroacetic acid in keloid treatment: A comparative clinical & radiological study**

**Engy El-azhary**, Cairo University, Egypt

**Title: Effects on oral supplementation of nutraceuticals formulations - Trichovitals® in young adults for healthy maintenance of hair growth**

**Sruthi Sukumar**, Microcore Research Labs India Pvt Ltd , India

**Title: Kerion Celsi, diagnostic and therapeutic aspects: A case report**

**Jonathan Pérez Restrepo**, University of Medical Sciences of Havana, Cuba

**Title: Debilitating contractures of hands in an atypical presentation of juvenile pityriasis rubra pilaris: A rare case report**

**Mariya Kharodawala**, B J Government Medical College, India

**Title: Plantar ulcer as an atypical manifestation of cutaneous leishmaniasis**

**Gustavo Uzeda Machado**, BAHIANA - School of Medicine and Public Health, Brazil

**Title: Methods to overcome poor response and challenges of facial laser hair reduction.**

**Anupriya Goel**, Berkowits Hair and Skin Clinic , India

**Title: Some cutaneous manifestations in febrile neutropenic immunocompromised patients, evidence-based case**

**Iman Almasry**, As'ad K. al-Hamad Dermatological Center, Kuwait

**Title: A rare case of focal dermal hypoplasia: Goltz syndrome; Goltz gorlin syndrome**

**Malika Sharma**, Government Medical College, India

**Title: The catastrophic manifestations of an untreated lepromatous leprosy**

**Nithya Priyadharshini Shanmugam**, Shri Sathya Sai Medical College & Research Institute, India

**Title: Clinical responses of subcutaneous abdominal fat and rectus abdominis muscle thicknesses following treatment with a high-intensity focused electromagnetic field device**

**Sky Wong**, Medaes Medical Centre, Hong Kong

**Title: Using free arterialized venous flaps for reconstructing hand defects.**

**Miriam Alonso-Carpio**, University and Polytechnic Hospital La Fe, Spain

**Title: Skin revitalization with intradermal hyaluronan hybrid cooperative complexes: What to expect?**

**Isadora Rosan**, University of Sao Paulo, Brazil

**Cutaneous manifestation of thyroid carcinoma in a 64-year-old Filipino woman: A case report**

**Andrean Linata**, Head doctor of SV Clinic, Republic of Indonesia

## **Reconstruction of heel soft tissue defects: An algorithm based on our experience**

**Deepak Krishna**, All India Institute of Medical Sciences, India

## **Antihematomic preparation for injection procedures: How to minimize the risk of complications after traumatic procedures**

**Anastasia Mashkina**, Ego Aesthetics Clinic, Cyprus

## **Venous flap congestion: Approach and treatment with massage emphasis as a cost-effective method**

**Marcela Barbosa**, Echa Reconstruction De Seno VD, Colombia

## **Allergic contact dermatitis post-microblading eyebrow tattooing: A manifestation of pre-existing nickel sensitization**

**Nesrine Ben Salah**, University of Monastir, Tunisia

## **Descriptive study of the clinical and histopathological features of autoimmune blistering dermatoses.**

**Asmaa Al-jawad**, Dermatology Center, Iraq

## **Can we reduce fracture nose even after years?**

**Ahmed Khalaf Rabeea**, Saleh-Aden General Hospital, Iraq

## **Desquamative gingivitis: A definite indicator for mucocutaneous disorders**

**Melwin Mathew**, Manipal University College Malaysia, Malaysia

## **Cutaneous metastasis of signet ring cell carcinoma: An unusual case report**

**Malika Sharma**, Govt. Medical College Maharashtra, India

## **Hansen disease presenting as multiple shiny papules on face mimicking acne: A case report**

**Manish Rijhwani**, Mahatma Gandhi Medical College & Hospital, India

## **Uncoupling protein 2 and dynamin-related protein 1 mRNA expressions as genetic markers for plaque psoriasis**

**Wafaa Shehata**, Menoufia University, Egypt

## **Features of emergency remote dermatological care and students education in the wartime**

**Kateryna Kolyadenko**, Rectorate of O.O.Bogomolets National Medical University, Ukraine

## **Epidermolytic hyperkeratosis: A case report from Yemen**

**Mohammad Ali Alshami**, Sanaa University, Yemen

**Behcet's disease. A case report with benign intracranial hypertension without cerebral venous thrombosis and empty sella syndrome as a manifestation of neuro-Behcet**

**Daniela Ann Reyes Weaver**, Former General Hospital of Queretaro, Mexico

**Squamous cell breast cancer: description of a rare clinical case**

**Gulnoz Khakimova**, Tashkent Pediatric Medical Institute, Russia

**Vulvar eccrine porocarcinoma: A report case**

**Lizet Rojano Fritz**, Capelli Skin Center, Mexico

**Venous flap congestion: approach and treatment with massage emphasis as a cost-effective method**

**Enrique Chaparro Aranguren**, Echa Reconstruction De Seno VD, Colombia

**Study on stabilization of retinaldehyde using drug-in-cyclodextrin-in-liposome (DCL) for skin wrinkle improvement**

**Ji Hoon Ha**, Convergence Research Institute, South Korea

**A clinically malignant like skin bump with cartilaginous like histopathology – A rare case of chondroid syringoma**

**Yashashree Dungarwal**, Osmania Medical College, India

**Comparative study of terbinafine in conventional dose and double dose in treatment of dermatophytosis**

**Dr. Abu Jafar Md. Shahidul Hoq**, Mugda Medical College and Hospital, Bangladesh

**The treatment of vitiligo is currently very difficult**

**Selma Bakar Dertlioglu**, Dr. Selma Bakar Dertlioglu Dermatology Clinic, Turkey

**Angiokeratoma circumscriptum naeviforme on trunk: A dermatoscopic evaluation**

**Geetika Chhabra**, Vardhman Mahavir Medical College, India

**Efficacy of brentuximab vedotin in patients with cd30-positive lymphoproliferative skin diseases: Results of the first prospective study in the Russian Federation**

**Liliya G. Gorenkova**, National Research Center for Hematology, Russia

**Patient affected by psoriasis, who develops an intercurrent blistering disease: A case report**

**Carla Altavista**, Neuquen Provincial Hospital Dr. Castro Rendon, Argentina

**Blepharophimosis, ptosis, and epicanthus inversus syndrome: A simple remedy for challenging cases**

**Saba Alkhairy**, Dow University of Health Sciences, Pakistan

## **The role of needle mesotherapy in aesthetic cosmetology and the possibilities of its use**

**Wioleta Jankowiak**, Pomeranian University of Slupsk, Poland

## **Study of the influence of fractional photothermolysis and biorevitalization on skin rejuvenation in middle aged women**

**Kudrevich Juliya**, South-Ural State Medical University, Russian Federation

## **Silent peripheral neuropathy among contacts of Hansen's disease patients by high-resolution ultrasound**

**Glauber Voltan**, Ribeirao Preto Clinical Hospital, Brazil

## **Evaluation of fat excision versus sparing in lower blepharoplasty using orbital gray scale analysis**

**Adnan etman**, Ain Shams University, Egypt

## **Benefit of coconut-based hair oil via hair porosity quantification**

**Vaibhav Kaushik**, Massachusetts Institute of Technology, United Kingdom

## **Nicotinamide mononucleotide reduces melanin production in aged melanocytes by inhibiting cAMP/Wnt signaling**

**Sofia Brito**, Sungkyunkwan University, South Korea

## **Scarring alopecia of scalp: It is not always about the hair!**

**Richa Kumar**, Command Hospital(Eastern Command), India

## **Successful removal of anthralin staining from facial skin**

**Jacqueline Kussini**, Laserklinik Biberach, Germany

## **Cryosurgery in basal cell carcinoma and epidermoid carcinoma of the scalp**

**Marina Ramos Suarez**, Dermatologist, Mexico

## **Dermatology: How to manage atopic dermatitis in patients with skin of colour**

**Marissa Joseph**, University of Toronto, Canada

## **Exudate management in diabetic foot patient**

**Luinio S. Tongson**, Chinese General Hospital and Medical Center, Philippines

## **Prurigo strophulus: Epidemiological, clinical aspects and environmental factors among children in Yaounde, Cameroon (Sub-Saharan Africa)**

**Dahlia Noelle Tounouga**, National University Teaching Hospital of Cotonou, Benin

## **Current status and trend of clinical azole resistance of aspergillus in China**

**Musang Liu**, Peking Union Medical College, China

**Annular elastolytic giant cell granuloma in a patient with Ehlers–Danlos syndrome**

**Tatiana Gaydina**, Pirogov Russian Scientific Research Medical University, Russia

**Staphylococcal Scalded Skin Syndrome, case report**

**Olga Mineeva**, Saint-Petersburg State Pediatric Medical University, Russia

**Customer satisfaction: Topic system and drink supplements**

**Maria Caro Campana**, Institute of Dermatologic and Regenerative Sciences, Italy

**Evaluation of combination of microneedling with tacrolimus in the treatment of stable vitiligo**

**Parwaaz Matharoo**, Muzaffarnagar Medical College & Hospital, India

**Prospective clinical study and ultrasound assessment in patients with bruxism treated with botulinum toxin**

**Liza Mkhitarian**, Clinica Mona Lisa, Spain

**Annular elastolytic giant cell granuloma in a patient with Ehlers–Danlos syndrome**

**Dr. Olga Patsap**, Pirogov Russian Scientific Research Medical University, Russia

**Asymmetric periflexural exanthem in an adult patient after Pfizer-BioNTech COVID-19 vaccine**

**Marwa Thabouti**, Farhat Hached Hospital, Tunisia

**Diagnostic significance of otorhinolaryngological and ophthalmic pathology in patients suffering from neurosyphilis infected with human immunodeficiency virus**

**Irina Orlova**, Saint Petersburg State University, Russia

**Speaker slots are available for the conference. To book your slot, please mail us at [dermatology@scientexconferences.com](mailto:dermatology@scientexconferences.com) or Whatsapp at +1 (307) 445 0640**

# ABOUT VENUE

One of the largest emirates in the United Arab Emirates is Dubai. The city is well-known for having the largest development projects in the world, and new buildings virtually change the image of the city every day. It is truly amazing to witness how a desolate area has developed with a profusion of enormous bricks. Dubai emirate has a total area of 4,114 square kilometres.

Dubai transforms from a modest port for significant international trade and tourism. The citizens of Dubai have transformed a desert into a futuristic paradise. It has some of the most impressive structures and skyscrapers. Dubai's population is extremely diverse, and this diversity is clearly visible in the city's culture, cuisine, and everyday activities. The annual Art Dubai fair, which features artistry, helped Dubai's art and media businesses to expand.

The City of Gold is renowned for its breath-taking sights, magnificent shopping fair, stunning architecture, and friendly people. Some of Dubai's most popular tourist destinations and attractions can be found on land and in the water, including structures, hotels, shopping malls, festivals, and parks. Dubai's must-see destinations includes The Burj Khalifa, the highest building in the world, is a famous landmark in Dubai. And then there's the Palm Jumeirah, built on reclaimed ground resembles a number of manmade archipelagos. A brand-new tourist destination in Dubai is the Museum of the Future is considered among the world's most beautiful buildings. The Dubai Aquarium and Underwater Zoo is the holder of the "Largest Acrylic Pane" Guinness World Record.

Dubai is the excellent place to discuss skin care advancements in dermatology and cosmetology, so join us as we experience this stunning city.
