

# SCIENTIFIC PROGRAM

THE PROGRAM MAY BE SUBJECT TO MINOR CHANGES.

WEDNESDAY, MAY 8TH 2024

## WEDNESDAY 8TH 15:40

HALL ISGE SPONSORED OPENING SYMPOSIUM 15:40-17:10

The industry sponsored sessions are in a separate view

SPONSORED SESSIONS

## WEDNESDAY 8TH 17:20

HALL ISGE OPENING CEREMONY 17:20-18:30

THE ISGE EXECUTIVE COMMITTEE WILL BE OPENING THE 21ST ISGE WORLD CONGRESS

Chairperson/s: Martin Birkhaeuser  Andrea Genazzani , Tommaso Simoncini 

**Andrea Genazzani**  
Welcome Lecture

**Rene Druckmann**  
In memoriam of Adolf Schindler

**Sarah Berga**  
in memoriam of Robert Taylor

**Sarah Berga**  
Fredrick Naftolin Lecture - Oxytocin: From Labor to Love

## WEDNESDAY 8TH 19:00

POSTER AREA 19:00-21:00

POSTER SESSION

OPEN

THURSDAY, MAY 9TH 2024

## THURSDAY 9TH 08:30

HALL ISGE MEET THE EXPERT 08:30-09:30

## ENDOMETRIAL RECEPTIVITY

Chairperson/s: Nicola Pluchino **Sarah Berga** 

Neuroendocrine regulation of endometrial receptivity - Presented by Sarah Berga on behalf of Robert Taylor deceased

**Stratis Kolibianakis** 

Endometrial receptivity assays: Do they help?

HALL GREM THERAPEUTIC FORUM 08:30-09:30

## ABNORMAL UTERINE BLEEDING

**Steven R. Goldstein** 

Abnormal Uterine Bleeding

FALLOPPIO MEET THE EXPERT 08:30-09:30

## CARDIOVASCULAR HEALTH, A CRITICAL FACTOR FOR WOMEN'S LIFE

Chairperson/s: Andrzej Milewicz **Peter Collins** 

Microvascular angina: an overlooked condition in women

**John Stevenson** 

Female CHD risks in the reproductive and post-reproductive years

HALL HIPPOCRATES SYMPOSIUM BY SCIENTIFIC SOCIETY

SOCIETY FOR ENDOCRINOLOGY OF GENDER SSEG

08:30-09:30

## FERTILITY AND GENDER CHALLENGES

Chairperson/s: Svetlana Vujovic , Svetlana Dragojevic Dikic **Svetlana Vujovic** 

Progesterone therapy in less known conditions

**Aleksandar Ljubić Ljubic** 

Stem cells in human reproduction

**Svetlana Dragojevic Dikic** 

Melatonin in Pregnancy

**Svetlana Spremovic Radjenov** 

Challenges and experiences in fertility treatment in females with hypogonadotropic hypogonadism

HALL GALEN SYMPOSIUM BY SCIENTIFIC SOCIETY AMEGIN - MEXICAN ASSOCIATION OF GYNECOLOGICAL ENDOCRINOLOGY

08:30-09:30

## INOSITOLS SUPPLEMENTS IN OBSTETRICS AND GYNECOLOGY: THE SCIENTIFIC EVIDENCE-BASED VIEW

Chairperson/s: Jose Luis Elizarraras **Enrique Reyes-Munoz** 

Use of myo-inositol during pregnancy. What is the evidence?

**Carlos LT Valdes-Zuñiga** 

Evidence of a role for inositol in the management of polycystic ovary syndrome

HALL GYNENDO SCHOLARSHIP COURSE 08:30-11:30

## PART 1 - 2024 UPDATES IN GYNECOLOGICAL ENDOCRINOLOGY

**Charles Sultan** 

This site uses cookies to offer you a better browsing experience.  
Find out more on how we use cookies.

**Alfred Mueck**  
Ethinyl-Estradiol vs. Estradiol - different pharmacology decisive for use in clinical practice

## THURSDAY 9TH 09:45

HALL ISGE SYMPOSIUM 09:45-11:15

### MENOPAUSE: IMPACT ON METABOLIC SYNDROME, OBESITY, SKIN, BONE, MUSCLE AND THEIR CONNECTIVE TISSUES

Chairperson/s: Steven R. Goldstein , Xiangyan Ruan 

**Petra Stute**   
Metabolic worst case scenario – metabolic syndrome in peri- and postmenopause

**Santiago Palacios**   
Role of regenerative gynecology in menopausal women

**Mark Brincat**  
The effects of the Menopause and HRT on the Skin, Bone, Muscle and their Connective tissues

**Cuauhtémoc Celis Gonzáles**   
Sarcopenia and its management

HALL GREM SYMPOSIUM 09:45-11:15

### ROLE OF METABOLISM AND L-CARNITINE/MICRONUTRIENTS IN THE FERTILITY SYSTEM

Chairperson/s: Andrea Genazzani , Ashraf Virmani

**Gian Maria Busetto**   
Clinical research showing potential efficacy of metabolic compounds in male fertility

**Alessandro Genazzani**   
Metabolism as a major factor in fertility issues such as PCOS, menopause and functional hypothalamic amenorrhea

**Ralf Henkel**   
Mitochondria and redox state in sperm and oocyte health

HALL GRAAF SPONSORED SYMPOSIUM 09:45-11:15

The industry sponsored sessions are in a separate view

SPONSORED SESSIONS

FALLOPPIO CORSO ECM 09:45-11:15

### UPDATE FIBROMI UTERINI: COME PERSONALIZZARE I TRATTAMENTI

Chairperson/s: Felice Petraglia 

**Stefano Luisi**   
Fibromi uterini e adenomiosi: dalla diagnosi ai trattamenti

**Karin Louise Andersson**   
Un nuovo antagonista del GnRH per il trattamento dei fibromi uterini

HALL HIPPOCRATES SYMPOSIUM BY SCIENTIFIC SOCIETY ESG EUROPEAN SOCIETY OF GYNECOLOGY 09:45-11:15

### NEW FRONTIERS IN CONTRACEPTION AND SEXUALITY

Chairperson/s: Tommaso Simoncini 

**Mark Brincat**  
The effects of Oral Contraception on Bone and Skin

**David Serfaty**   
The future of the modern Male Contraception

**Camil Castelo-Branco**   
Sex and olders

HALL GALEN ORAL PRESENTATION 09:45-11:15

**Siyu Zhou**

Exploring Dropout Determinants in Lifestyle Interventions for Overweight Polycystic Ovary Syndrome (PCOS) Women: Insights from a Randomized Controlled Trial

**Matilde Giudetti** 

A retrospective study about clinical and metabolic characteristics of the two main phenotypes of the Polycystic Ovary Syndrome.

**George Tevdorashvili** 

Evaluation of the Effects of Carnitines Combination Use in Caucasian Women with Polycystic Ovary Syndrome (PCOS)

**Katarzyna Paczkowska** 

The alteration of aromatic amino acids profile represents a significant metabolic trait in polycystic ovary syndrome.

**Giovanna Santos Cavalcanti** 

Melatonin modulates in vitro angiogenesis of granulosa cells of women with polycystic ovary syndrome submitted to IVF

**Anton Hellberg** 

Metabolic regulating genes in subcutaneous adipose tissue as prediction of weight loss by lifestyle intervention in overweight/obese women with polycystic ovary syndrome

**Aleksandra Szczesnowicz** 

Body mass composition disruptions in PCOS patients: preliminary results

**Christian Battipaglia** 

MYO-INOSITOL (MYO), CARNITINES (ACETYL-L-CARNITINE AND L-CARNITINE), N-ACETYLCYSTEINE (NAC) AND L-ARGININE (L-ARG) ADMINISTRATION TO OVERWEIGHT/OBESE PCOS PATIENTS IMPROVES REPRODUCTIVE AND METABOLIC PARAMETERS.

**Kseniia Ostrovska** 

PERINATAL PORTRAIT AND RISK FACTORS OF POLYCYSTIC SYNDROME IN PUBERTY

**Elene Asanidze** 

Relationship of homocysteine level, insulin resistance and MTHFR C677T and A1298C polymorphisms in PCOS woman with different reproductive outcomes.

## THURSDAY 9TH 11:45

HALL ISGE SYMPOSIUM 11:45-13:15

### MENOPAUSE IS MORE THAN VMS

Chairperson/s: Nick Panay 

**Sheryl Kingsberg** 

An overview of menopause symptoms

**Pauline Maki** 

Objective versus subjective measures of vasomotor symptoms

**Nick Panay** 

Current treatment recommendations with a vision for the future

and their utility in clinical trials

and the role of hormone therapy in natural and induced menopause

HALL GREM SYMPOSIUM 11:45-13:15

### HYPOTHALAMIC REGULATION OF THE PITUITARY-GONADAL AXIS

Chairperson/s: Petra Stute  Frederick Naftolin 

**Vincent Prevot** 

Tanycytic control of pulsatile GnRH release

**Blazej Meczekalski** 

Kisspeptin and functional hypothalamic amenorrhea

**Sarah Berga** 

The reproductive consequences of stress: from anovulation to preterm delivery

**Camil Castelo-Branco** 

Clinical management of psychotropic-induced amenorrhea: How we do it?

HALL GRAAF SPONSORED SYMPOSIUM 11:45-13:15

The industry sponsored sessions are in a separate view

SPONSORED SESSIONS

FALLOPPIO SYMPOSIUM 11:45-13:15

### INNOVATIVE STRATEGIES TO TREAT PELVIC ORGAN PROLAPSE

Chairperson/s: Stefano Angioni  Herman Depypere 

**Dudley Robinson** 

This site uses cookies to offer you a better browsing experience.  
Find out more on how we use cookies.

**Susanne Housmans**  
Prolapse, pregnancy and menopause

**Tommaso Simoncini**   
Innovative strategies to treat pelvic organ prolapse

HALL HIPPOCRATES ORAL PRESENTATION 11:45–13:15

### STEROIDS

Chairperson/s: Alfred Mueck , Isabelle Dias Da Silva 

**Isabelle Dias Da Silva** 

Deciphering the molecular signaling of estrogenic treatments and their analogues on the human endometrium for safer hormonal treatments

**Angela Gallone** 

Treatment of adenomyosis with dienogest: clinical efficacy and imaging changes

**Shelby Wood** 

Associations Between Sleep Quality, Mental Health, and Neuroactive Steroids in Early Pregnancy

**Mariami Andguladze** 

Evaluation of the Hormonal Effects of Addition of Oral Dehydroepiandrosterone (DHEA) to Combined Oral Contraceptives (COCs) in Caucasian Women

**Xiaoyan Li** 

Dihydrotestosterone induces reactive oxygen species aggregation and mitochondrial fission resulting in autophagy apoptosis of granulosa cells

**Alexandra Henry** 

Birth defects reporting and the use of dydrogesterone in assisted reproductive technology: a global pharmacovigilance study

**Milica Jovanovic** 

Differential Diagnosis of Hyperandrogenism in Young Female

**John C. Stevenson** 

MAJOR ADVERSE CARDIOVASCULAR EVENT RISK IN MENOPAUSAL WOMEN TREATED WITH ORAL ESTRADIOL/MICRONISED PROGESTERONE VERSUS CONJUGATED ESTROGENS/ MEDROXYPROGESTERONE ACETATE: A CLAIMS DATA ANALYSIS IN THE UNITED STATES

**Maryam Alqarayan** 

Progesterone Limits the Increase in p53 caused by Dexamethasone Treatment in the Labyrinth Zone of Rat Placenta

HALL GALEN ORAL PRESENTATION 11:45–13:15

### PRIMARY AND SECONDARY AMENHORREA

Chairperson/s: Mark Brincat , Angelika Vižintin 

**Svetlana Yureneva** 

Effect of different doses of Hormone replacement therapy on quality of life in patients with premature ovarian insufficiency

**Magdalena Boegl** 

The LH:FSH Ratio In Patients With Functional Hypothalamic Amenorrhea: An Observational Study

**Nevena Ilic Pasquali** 

Body composition and hormonal alterations impact on bone metabolism in patients with Functional Hypothalamic Amenorrhea related to malnutrition and excessive exercise

**Isabel Brotons** 

Spontaneous regular menstrual cycles in Prader- Willi Syndrome. A case out-of-the-box.

HALL GYNENDO ORAL PRESENTATION 11:45–13:15

### POLYCYSTIC OVARY SYNDROME 2

Chairperson/s: Sarah Berga , Christian Battipaglia 

**Aisha Elbareg** 

Effectiveness of Cabergoline (CBG) & Letrozole (LET) with Dexamethasone (DEX) in Ovulation Induction (OI) Among Patients with Polycystic Ovarian Syndrome (PCOS).

**Tetiana Tutchenko** 

Differences in Hyperandrogenism Symptoms and Anthropometric Characteristics of the Four Rotterdam Criteria-based Phenotypes in Ukraine

**Hafsa Mahrukh** 

Frequency of nonclassic congenital adrenal hyperplasia among suspected Bangladeshi women with polycystic ovary syndrome

**Iroda Tojjeva** 

Irisin as a marker of insulin resistance in women with Polycystic Ovary Syndrome

**Nyurzhanha Khadzhieva** 

Exploring an Alternative Approach for Menstrual Cycle Regulation in Polycystic Ovary Syndrome

**Meina Yang** 

Irisin alleviated the reproductive endocrinal disorders of PCOS mice accompanied by changes in gut microbiomic and metabolomic characteristics

This site uses cookies to offer you a better browsing experience.

Find out more on how we use cookies.

Tetiana Shumilina 

Current perspectives on the metabolic aspects of polycystic ovary syndrome

**THURSDAY 9TH 13:30**

HALL ISGE SPONSORED LUNCH SYMPOSIUM 13:30-15:15

The industry sponsored sessions are in a separate view

[SPONSORED SESSIONS](#)**THURSDAY 9TH 15:45**

HALL ISGE KEY LECTURE 15:45-16:15

**NEW SURGERIES FOR GENITAL MALFORMATIONS: PRE-OPERATIVE INVESTIGATION FOR PLANNING SURGERY AND INTRA-OPERATIVE NAVIGATION**

Chairperson/s: Tefvik Yoldemir

Stepanian Assia 

HALL GREM KEY LECTURE 15:45-16:15

**WOMEN SATISFACTION ABOUT TREATMENT FOR VULVO VAGINAL ATROPHY (VVA): RECENT INSIGHTS**Chairperson/s: Santiago Palacios Rossella Nappi 

HALL GRAAF KEY LECTURE 15:45-16:15

**NEUROACTIVE STEROIDS AND PERINATAL MENTAL**

Chairperson/s: Howard Carp

Pauline Maki 

FALLOPPIO KEY LECTURE 15:45-16:15

**UNRAVELLING THE MYSTERY OF TESTOSTERONE TREATMENT FOR WOMEN**Chairperson/s: Tommaso Simoncini 

Susan Davis

**THURSDAY 9TH 16:30**

HALL ISGE SYMPOSIUM 16:30-18:00

**ULTRASOUND IN PATIENTS WITH HEAVY MENSTRUAL BLEEDING**Chairperson/s: Susanne Housmans, Massimo Stomati Steven R. Goldstein 

Ultrasound diagnosis of myometrial pathology that causes HMB

Katerina Exacoustos 

HMB: Transvaginal sonographic diagnosis of endometrial pathology

Wouter Froyman 

Ovarian lesions associated to HMB : ultrasound evaluation

Chairperson/s: Stratis Kolibianakis  Elisabetta Coccia 

**Pedro Barri**   
New strategies in ovarian stimulation for ART

**Filippo Ubaldi**   
What is the place of Duo Stim in current IVF practice?

**Bart Fauser**  
Mild ovarian stimulation in poor responders: Is it better?

**Peter Humaidan**  
Luteal phased deficiency in fresh and frozen embryo transfer cycles: What is the evidence?

HALL GRAAF SPONSORED SYMPOSIUM 16:30–17:30

The industry sponsored sessions are in a separate view

SPONSORED SESSIONS

FALLOPPIO SYMPOSIUM 16:30–18:00

**ENDOMETRIOSIS AND ADENOMYOSIS**

Chairperson/s: Cuauhtémoc Celis Gonzáles  Mark Brincat

**Stefano Angioni**   
Metabolomic and microbiomic signatures in endometriosis patients. New frontiers in research?

**Felice Petraglia**   
New Options in Medical Treatment

**Nicola Pluchino**   
Intracrinology of endometriosis

**Tevfik Yoldemir**  
Endometriosis - Assisted Conception Outcomes

HALL HIPPOCRATES ORAL PRESENTATION 16:30–18:00

**NEUROENDOCRINOLOGY**

Chairperson/s: Frederick Naftolin  Lara Tiranini 

**Alberto Navarrete-Peón**   
Anti SARS-CoV-2 vaccination alters the menstrual cycle and dose accumulation enhances the effect

**Emmanouil Zoumakis**   
Fertility rates in rats characterized by increased hypothalamic CRH secretion

**Renan Massao Nakamura**   
Experience of women with hyperprolactinemia in levels of depression, anxiety, sexual function and quality of life compared to controls.

**Sven Becker**  
Linzagolix's Impact on Pain Reduction via Fibroid Volume and Heavy Menstrual Bleeding Reduction: A Pooled Analysis of PRIMROSE 1 and PRIMROSE 2 Phase III Trials

**Jona Elings Knutsson**   
Effects of moderately increased testosterone on psychological general well-being and self-confidence in young exercising women – a double-blind, randomized, placebo-controlled trial

**Yujing Li**   
Melatonin alleviates circadian rhythm disruption-induced enhanced luteinizing hormone pulsatility and ovarian dysfunction in vivo and in vitro

**Jacques Donnez**   
EDELWEISS 3 trial: Linzagolix effectively reduces endometriosis-associated pain in a placebo-controlled Phase III study.

**Wei Zhang**   
Delay of Diagnosis and its impact on the psychiatric health and life quality in women with idiopathic hypogonadotropic hypogonadism: An observational study in China

HALL GALEN ORAL PRESENTATION 16:30–18:00

**INSULIN RESISTANCE, METABOLIC SYNDROME, PUBERTY AND ADOLESCENCE**

Chairperson/s: Alessandro Genazzani  Katarzyna Paczkowska 

**Maryna Hlamazda** 

This site uses cookies to offer you a better browsing experience.  
Find out more on how we use cookies.

**Aneta Sima**  
HOMA INDEX IN OBESE PERIMENOPAUSE PATIENTS WITH ABNORMAL UTERINE BLEEDING

**Alessandra Inzoli**   
Association between physical activity and menstrual cycle disorders in young athletes

**Aneta Sima**  
METABOLIC SYNDROME ASSOCIATED WITH ENDOMETRIAL PATHOLOGY IN PERIMENOPAUSE

**Irina Murzina**   
Protective role of HRT for insulin sensitivity in perimenopausal women who were exposed to the unexpected beginning of military activity

**Federica Barbagallo**   
Body image and other mood vulnerabilities in adolescents with polycystic ovary syndrome at metabolic risk

**Iroda Tojjeva**   
PCOS and fetuin-A as a new marker insulin resistance

**Andjela Boskovic**   
THE ROLE OF INSULIN RESISTANCE ON FERTILITY RATE

HALL GYNENDO ORAL PRESENTATION 16:30-18:00

**ENDOCRINE DISORDERS**

Chairperson/s: Andrzej Milewicz , Yujing Li 

**Xiaotong Liu**   
Mechanism of miR-24-3P encapsulated in exosomes regulating ferroptosis in ovarian granulosa cells in premature ovarian insufficiency.

**Claudia Silvestri**   
The Deavocado supplement's impact on menstrual disorders

**Oksana Poluianova**   
Hormonal homeostasis and menstrual cycle disorders in women with adenomyosis and uterine leiomyoma who were exposed to factors of military aggression.

**Pedro Henrique Rosa e Silva**   
Women with Premature Ovarian Insufficiency (POI) knowledge about this condition: are we elucidating well?

**Ivaldo Silva**   
MATERNAL CHILDHOOD ADVERSITY IMPACTS THE SALIVARY CORTISOL LEVELS OF WOMEN DURING THE PERINATAL PERIOD

**Angelica Monterrosa-Blanco**   
Possible association between subclinical hypothyroidis and menopause in Colombian women

**Anna Szeliga**   
Changes in body mass composition in relation to menopause: preliminary results

**Azizbek Valijonov**   
INFLUENCE OF ENDEMIC GOITITER ON THE COURSE OF PREGNANCY.

**Xiaotong Liu**   
MiR-24-3P encapsulated in exosomes inhibiting ferroptosis through KEAP1-NRF2 pathway treats premature ovarian insufficiency.

**THURSDAY 9TH 18:00**

HALL GREM ASSEMBLY 18:00-19:00

**ISGE GENERAL ASSEMBLY**

## FRIDAY, MAY 10TH 2024

## FRIDAY 10TH 08:30

HALL ISGE MEET THE EXPERT 08:30-09:30  
**PREDICTION OF BREAST CANCER RISK AND PROGNOSIS USING LABORATORY MARKERS**  
 Chairperson/s: Anne Gompel 

**Alfred Mueck**  
 Estradiol metabolites to predict primary risk of breast cancer

**Xiangyan Ruan**   
 New tumour marker to predict prognosis of breast cancer patients

HALL GREM THERAPEUTIC FORUM 08:30-09:30  
**PHARMACOTHERAPIES FOR WOMEN'S SEXUAL HEALTH: STATE OF THE ART AND FUTURE DIRECTIONS**

**Rossella Nappi**   
 Pharmacotherapies for women's sexual health: state of the art and future directions

FALLOPPIO MEET THE EXPERT 08:30-09:30  
**HORMONES AND PREGNANCY**  
 Chairperson/s: Fabio Facchinetti 

**Giancarlo Di Renzo**   
 Cross Talks Among Hormones For The Maintenance Of Pregnancy

**Howard Carp**  
 Hormone supplementation in early pregnancy. What is the evidence?

HALL HIPPOCRATES SYMPOSIUM BY SCIENTIFIC SOCIETY OF GYNECOLOGICAL ENDOCRINOLOGY AND MENOPAUSE . EUROPEAN SOCIETY FOR CLINICAL AND ECONOMIC DISEASES 08:30-09:30  
 ASPECTS OF OSTEOPOROSIS, OSTEOARTHRITIS AND MUSCULOSKELETAL DISEASES  
**CHALLENGING ASPECTS OF THE MANAGEMENT OF POST-MENOPAUSAL OSTEOPOROSIS**  
 Chairperson/s: Nick Harvey , René Rizzoli 

**Maria Luisa Brandi**   
 Management of osteoporosis above 70 years

**René Rizzoli**   
 Cardiovascular concerns when prescribing an anti-osteoporosis treatment above 70 years

**René Rizzoli**   
 Discussion

HALL GALEN SYMPOSIUM BY SCIENTIFIC SOCIETY AAMA - ARGENTINE ASSOCIATION OF MENOPAUSE AND ANDROPAUSE  
 08:30-09:30  
**RELEVANT ASPECTS IN MIDDLE AGE IN MEN AND WOMEN**  
 Chairperson/s: Nestor Siseles , Monica Nanez

**Élida Rodríguez**  
 Management of habitual abnormal uterine bleeding in perimenopause

**Monica Nanez**  
 Genitourinary syndrome: from hormones to regeneration

**Alejandra Belardo**  
 Is there a relationship between hot flashes and sleep disorders ?

**Alejandra Schule**  
 Discussion

**Mariela Fuentes Costilla**  
 Discussion

**Martin Birkhaeuser** 

Oestrogen-dependent depression is underestimated

**Roberta Diaz Brinton** 

Translational Path from Discovery to Clinical Trial of PhytoSERMs for Menopausal Symptoms and Brain Glucose Metabolism

**John Stevenson** 

New osteoporosis treatments through bone cell signalling manipulation versus standard therapies

**FRIDAY 10TH 09:45**

HALL ISGE SYMPOSIUM 09:45-11:15

**PREMATURE OVARIAN INSUFFICIENCY**Chairperson/s: Basil Tarlatzis , Susan Davis**Stefano Luisi** 

Impact of the management of ovarian endometrioma on ovarian reserve: surgery vs medical treatment

**Svetlana Vujovic** 

Pregnancy in premature ovarian insufficiency - deleterious effects of stressors on biological clock

**Nick Panay** 

Updated ESHRE POI guidelines - what's new?

**Antonio Cano** 

Main features to manage POI patients

HALL GREM SYMPOSIUM 09:45-11:15

**HORMONAL CONTRACEPTION: PROBLEMS AND SOLUTIONS**Chairperson/s: Kristina Gemzell-Danielsson , Andrea Giannini **Nilson Roberto De Melo** 

Endometriosis &amp; Contraception

**Giovanni Grandi** 

Management of bleeding disorders in users of progestin-only contraceptives

**Nestor Siseles**

Contraception and comorbidities in the menopausal tra

**Gabriele Merki** 

Contraception in women with BRCA1/BRCA 2 mutation:

HALL GRAAF SPONSORED SYMPOSIUM 09:45-11:15

The industry sponsored sessions are in a separate view

**SPONSORED SESSIONS**

FALLOPPIO SYMPOSIUM BY SCIENTIFIC SOCIETY EGOI - THE EXPERTS GROUP ON INOSITOL IN BASIC AND CLINICAL RESEARCH

09:45-11:15

**4 YEARS OF EGOI: BETWEEN SCIENCE AND CLINICAL PRACTICE ON INOSITOLS**Chairperson/s: Evanthia Diamanti-Kandaraki **Lali Pkhaladze** 

Advances with Inositols in PCOS

**Zdravko Kamenov** Comparing the efficacy of myo-inositol plus  $\alpha$ -lactalbumin vs myo-inositol alone on reproductive and metabolic disturbances of Polycystic Ovary Syndrome**Maurizio Nordio** 

Targeting PCOS phenotypes with a tailored treatment

HALL HIPPOCRATES SYMPOSIUM BY SCIENTIFIC SOCIETY IAHR INTERNATIONAL ACADEMY OF HUMAN REPRODUCTION

09:45-11:15

**IVF: CHALLENGING PROBLEMS WITH ETHICAL IMPLICATIONS**Chairperson/s: Andrea Genazzani 

This site uses cookies to offer you a better browsing experience.

Find out more on how we use cookies.

**Frederick Naftolin** 

Can IVF solve the global population problem?

**Joseph Schenker**

IVF quo vadis

HALL GALEN ORAL PRESENTATION 09:45–11:15

**MENOPAUSE**Chairperson/s: Angelica Lindén Hirschberg  Angelica Monterrosa-Blanco **Christel Pequeux** 

Estetrol combined to progesterone for menopause or contraception indication has limited effect on breast cancer growth: a preclinical study

**Bari Kaplan**

Evaluating Genitourinary Symptom Complaints and Compliance in Postmenopausal Women: A Large-Scale Community Database Analysis

**Claudia Santangelo** 

PRELIMINARY STUDY ON DYNAMIC THERAPY IN SYMPTOMATIC POST-MENOPAUSAL WOMEN

**Sigal Shaklai**

Hot Flashes are Associated with Text-Based Markers of Cognitive Impairment: Observational Study of Posts on Social Media

**Nina Bocanegra** 

Microablative fractional radiofrequency effects on histology, morphometry and collagen of the vaginal epithelium in postmenopausal women with genitourinary syndrome

**Edson Santos Ferreira-Filho** 

Predictive factors of osteoporotic fractures in post-menopause patients with osteopenia/osteoporosis

**Paul PIETTE** 

How to Tailor Transdermal Menopausal Hormone Therapy (MHT) to our Patients with a Clinically Meaningful Effect

**Mark Brincat**

Improved female sexual dysfunction following vaginal erbium laser treatment

**Angelica Lindén Hirschberg** 

Efficacy and safety of fezolinetant for the treatment of moderate-to-severe vasomotor symptoms associated with menopause in women considered unsuitable for hormone therapy: the phase 3b DAYLIGHT study

**Rossella Nappi** 

Efficacy of fezolinetant for the treatment of moderate-to-severe vasomotor symptoms associated with menopause in women receiving concomitant antidepressant medication: results from two phase 3 studies

**FRIDAY 10TH 11:45**

HALL ISGE SYMPOSIUM 11:45–13:15

**BREAST CANCER PATIENTS: HOW TO FOLLOW AND HOW TO PROTECT**Chairperson/s: Stefanos Zervoudis  Piero Sismondi **Angelo Cagnacci** 

The management of BRCA mutated patients after the prophylactic oophorectomy and mastectomy

**Anne Gompel** 

Breast cancer survivor and breast cancer in pre-menopausal women

**Valentina Bounous** 

Nicoletta Biglia Memorial Lecture: New Strategies in the Treatment of Menopausal Symptoms in breast cancer patients

HALL GREM SYMPOSIUM 11:45–13:15

**GENDER DEBATE IN REPRODUCTIVE HEALTH**Chairperson/s: Martin Birkhaeuser  Angelica Lindén Hirschberg **Dagmar Pauli** 

The approach of non-binary and trans gender identity around puberty

**Kenny Rodríguez-Wallberg** 

Wish to have children in transgender people: the place for fertility preservation and surrogacy

**Angelica Lindén Hirschberg** 

Eligibility regulations for transgender athletes at the Olympic Games 2024

HALL GRAAF SPONSORED PANEL DISCUSSION 11:45–13:15

The industry sponsored sessions are in a separate view

## SPONSORED SESSIONS

FALLOPPIO SYMPOSIUM 11:45-13:15

## DYSPHORIA AND EATING DISORDERS IN ADOLESCENCE

Chairperson/s: Alessandro Genazzani , Alfred Mueck**Charles Sultan** 

Gender dysphoria in adolescence: a growing health problem?

**Johannes Bitzer** 

The adolescent brain - between admirable growth and deep crisis

**Andrzej Milewicz** 

Binge Eating Disorders (BED) - Symptom of our times

**Giovanni Castellini** 

Embodiment and eating behaviours in adolescents with gender dysphoria: implications for the gender affirming path

HALL HIPPOCRATES ORAL PRESENTATION 11:45-13:15

## ART AND FERTILITY PRESERVATION

Chairperson/s: Basil Tarlatzis , Francesca Paola Luongo **Mariana Montejano Del Prado** 

The physiological reason for treat with steroids thyroiditis in reproductive patients.

**Victoria Campos Dornelles** 

Plural Families and Assisted Reproduction: Cisgender Homosexual Women's IVF experience in Brazil

**Xiangyan Ruan** 

Latest Update on China's Largest Clinical Ovarian Tissue Bank – A Report on the Transplantation of 9 Cryopreserved Ovarian Tissue Cases

**Hripsime Grigoryan** 

DuoStim and IVF . Can we get more in patients with poor ovarian reserve ?

**Federica Battista** 

Optimizing Social Egg Freezing Strategies in Women with Diminished Ovarian Reserve

**Binol Aydin** 

PRONUCLEAR TRANSFER IN WOMAN WITH DIMINISHED OVARIAN RESERVE: DOES PNT IMPACT EMBRYO EUPLOIDY?

**Xiaotong Liu** 

Suppression of Granulosa Cell Ferroptosis via the KEAP1/NRF2 Pathway by Exosome-Encapsulated miR-24-3P in Premature Ovarian Insufficiency.

**Svetlana Dubrovina** 

TREATMENT OF ENDOMETRIOSIS – FOCUS ON IMPROVING QUALITY OF LIFE

**Cyra Cottrell** 

LESS IS MORE; BLASTOCYST CONVERSION RATE FOR PATIENTS WITH DIMINISHED OVARIAN RESERVE UNDERGOING MINIMAL STIMULATION IVF (MIST) COMPARED TO CONVENTIONAL IVF

**Andrea Roberto Carosso** 

First live birth after in vitro fertilization in a woman with Alstrom Syndrome: a case report

HALL GALEN ORAL PRESENTATION 11:45-13:15

## ENDOMETRIAL HYPERPLASIA, MENOPAUSE, CARDIOVASCULAR DISEASE AND AGING

Chairperson/s: Antonio Cano , Marija Gjorgoska **Osvaldina Martinez Encarnacion** 

The efficacy of the levonorgestrel-releasing intrauterine system in the treatment of endometrial hyperplasia without atypia.

**Huiping Lin** 

Estrogen accelerates lymphangiogenesis and prevents atherosclerosis development

**Eleni Armeni** 

The intensity of vasomotor symptoms correlates with metabolic dysfunction-associated liver disease (MASLD) in women during peri- and postmenopausal stages.

**Miraliev Fakhridin** 

Assessment of cytokine status in women of reproductive age with abnormal uterine bleeding in combination with nonatypical hyperplastic processes.

**Jianhong Zhou** 

Estrogen-Sirt6 axis protects arteries against menopause-induced vascular smooth muscle cell senescence and abdominal aortic aneurysm

**Farhana Sultana**

Blood sex steroids, cognitive decline and incident dementia in community-dwelling older women in Australia

**Alexandra Gromova** 

This site uses cookies to offer you a better browsing experience.

Find out more on how we use cookies.

HALL GYNENDO ORAL PRESENTATION 11:45–13:15

**ADOLESCENCE AND SEXUAL FUNCTION**

Chairperson/s: Nilson Roberto de Melo 🇧🇷, Mariami Andguladze 🇬🇪

**Åsa Ehlin von Kartaschew** 🇸🇪

Sexual function in relation to testosterone levels following risk reducing salpingo-oophorectomy-a prospective cohort study.

**Andrea Etrusco** 🇮🇹

The use of drospirenone/estetrol in random start rapid preparation of endometrium before office hysteroscopic polypectomies: a multicenter, prospective, randomized study

**Rui Ju** 🇨🇳

A Prospective Study on Menopausal Hormone Therapy (MHT) for Female Sexual Dysfunction in Early Postmenopausal Women

**Giovanna Santos Cavalcanti** 🇧🇷

Angiogenesis related-gene expression profile in granulosa cells from infertile women undergoing IVF after melatonin treatment.

**Sophio Khundadze** 🇬🇪

Management of the sexual dysfunction in breast cancer survivor women on Tamoxifen therapy with fractional CO2 Laser and Platelet Rich Plasma

**Lara Tiranini** 🇮🇹

Effects of different types of hormonal contraceptives with drospirenone on women's sexuality: a prospective observational study

**M. Ernesto Azgavevara Ganis Siregar** 🇮🇩

Exploring Therapeutic Avenues: An Experimental Study Investigating the Effects of Soy Isoflavone and Estradiol Valerate on HbA1c, Lipid Profile, Urogenital Complaints, Vaginal Maturity Index, and Sexual Function in Indonesian Menopausal Women—A Comparative Analysis using MENQOL-Quality of Life Assessment.

**VERA Andreeva** 🇷🇺

Study of the efficacy of the drug containing Dienogest/Estradiol Valerate in adolescents with recurrences of abnormal uterine bleeding by the dynamics of apoptosis markers in blood serum

**Petra Stute** 🇨🇭

Use of Vitex agnus-castus in patients with menstrual cycle disorders: a single-center retrospective longitudinal cohort study

**FRIDAY 10TH 13:30**

HALL ISGE LUNCH PANEL DISCUSSION 13:30–15:15

**DO WE NEED A NEW ESTROGEN? – YES OR NO**

Chairperson/s: Andrea Genazzani 🇮🇹

**Kristina Gemzell-Danielsson** 🇸🇪**Franca Fruzzetti** 🇮🇹**Tommaso Simoncini** 🇮🇹**FRIDAY 10TH 15:45**

HALL ISGE MEET THE EXPERT 15:45–16:45

**YIN AND YANG OF GENITOURINARY SYNDROME OF MENOPAUSE (GSM) AND LOW SEXUAL DESIRE**

Chairperson/s: Johannes Bitzer 🇨🇭

**Sheryl Kingsberg** 🇺🇸**Rossella Nappi** 🇮🇹

HALL GREM THERAPEUTIC FORUM 15:45–16:45

**EMERGENCY CONTRACEPTION: ON DEMAND AND/OR LONG ACTING?****Kristina Gemzell-Danielsson** 🇸🇪

Emergency contraception: On demand and/or Long acting?

HALL GRAAF SPONSORED SYMPOSIUM 15:45–16:45

The industry sponsored sessions are in a separate view

## SPONSORED SESSIONS

FALLOPPIO SYMPOSIUM BY SCIENTIFIC SOCIETY POLISH SOCIETY OF GYNECOLOGICAL ENDOCRINOLOGY PSGE

15:45–16:45

## CONTEMPORARY GYNECOLOGICAL ENDOCRINOLOGY

Chairperson/s: Andrzej Milewicz  Blazej Meczekalski **Krzysztof Czajkowski** 

Pharmacological therapies for the treatment of endometriosis

**Maciej Wilczak** 

Laparoscopic lateral suspension - our complications

**Anna Kostrzak** 

Why Prolactin assessment is such important ?

**Anna Szeliga** 

Hormone therapy, a companion for women of all ages - tips and tricks

HALL HIPPOCRATES SYMPOSIUM BY SCIENTIFIC SOCIETY SAEGRE 15:45–16:45

## OFF THE BEATEN TRACK TOPICS ON GYNECOLOGICAL ENDOCRINOLOGY

Chairperson/s: Graciela Lopez de Degani

**Blanca Campostrini**

The interplay between the microbiome and menopause. A critical step on women's health

**Sandra Cecilia Demayo**

Melatonin: The wonder Hormone?

**Fabian Gomez Giglio**

Are we in the know about risk in hormonal therapy in transgender people?

**Yanina Azas**

The impact of environmental factors on ovarian aging: Is our human reproductive capacity actually diminishing?

HALL GALEN SYMPOSIUM BY SCIENTIFIC SOCIETY USG

15:45–16:45

## STRESS AND VARIETIES OF MENSTRUAL IRREGULARITIES

Chairperson/s: Tetiana F. Tatarchuk **Natalia Pedachenko** 

Age specific management of abnormal uterine bleedings caused by ovulatory disorders

**Liudmyla Kalugina** 

Management of Adenomyosis in Patients with History of Thyroid Cancer

**Iryna Netskar** 

The impact of chronic stress on the structural causes of AUB

**Tetiana Tutchenko** 

External and Internal Modifiers of Neuroendocrine Dysregulation in PCOS

**Myroslav Maistrenko** 

Possibilities of artificial intelligence in women's reproductive health management

HALL GYNENDO SYMPOSIUM BY SCIENTIFIC SOCIETY HSGE 15:45–16:45

## SESSION ORGANIZED BY HUNGARIAN SOCIETY OF GYNECOLOGICAL ENDOCRINOLOGY

Chairperson/s: Attila Jakab  Szabolcs Várbiro **Tamas Deli** 

RAAS changes in pregnancy and primary aldosteronism in gestational hypertension: a pilot study

**Szilvia Csehely** 

Impact of early diagnosis of POI on bone health: a single center study

**Dániel László** 

Update on ovulation induction in PCOS

**Herman Tünde** 

Impact of endocrine disorders on IVF outcome: a single center study

**László Túü** 

Metabolic changes during perimenopause and in menopause

This site uses cookies to offer you a better browsing experience.

Find out more on how we use cookies.

**Katalin Nas**   
Dietary interventions in menopause

## FRIDAY 10TH 17:00

HALL ISGE SYMPOSIUM 17:00–18:30

### ESTROGEN DEPRIVATION IMPACT ON NEURODEGENERATIVE AND MOOD DISORDERS

Chairperson/s: Nestor Siseles , Nilson Roberto de Melo 

**Walter Rocca**   
Estrogen deprivation and Parkinson's disease: a 2024 update

**Pauline Maki**   
Vasomotor Symptoms: Associations with Alzheimer's disease Biomarkers

**Herman Depypere**   
Plasma Alzheimer's biomarkers are useful to monitor the impact of menopause hormone therapy on progression of AD

**Andrea Genazzani**   
The John Studd triad of estrogen responsive depressive disorders

HALL GREM SYMPOSIUM 17:00–18:30

### POLYCYSTIC OVARY, FERTILITY AND LONG-TERM EFFECTS

Chairperson/s: Svetlana Vujovic , Bart Fauser

**Basil Tarlatzis**   
Treatment of infertility in women with PCOS: What do the New Guidelines recommend?

**Alessandro Genazzani**   
PCOS and Insulin resistance: new insights of the metabolic impairment

**Efthymios Deligeoroglou**   
PCO and Adolescence. The right moment for treatments to avoid long-term effects

FALLOPPIO SYMPOSIUM 17:00–18:30

### THE FUTURE OF ASSISTED PROCREATION

Chairperson/s: Pedro Barri 

**Elisabetta Coccia**   
Women fertility preservation: a dilemma

**Joseph Schenker**  
Synthetic Gametes - Clinical, Social and Ethical Aspects

HALL HIPPOCRATES ORAL PRESENTATION 17:00–18:30

### ENDOCRINE DISRUPTORS, CONTRACEPTION

Chairperson/s: Cuauhtémoc Celis González , Tiziana Fidicicchi 

**David Serfaty**   
Contraception for breastfeeding women: How to improve the efficacy of the lactational amenorrhea method? The spermicides option

**Giuseppe Caruso**   
Postpartum mood disorders: effects of Drospirenone only pill contraception

**Maryam Alqarayan**   
Interactions between MTA proteins and ERs in testis of type1 diabetic rate with and without resveratrol supplements

**Francesca Paola Luongo**   
Biosensing Endocrine Disrupting Chemicals in Female Reproductive System: focus on ovaries

**Gabby Rachedia**   
RELATIONSHIP DURATION USAGE OF DEPO MEDROXY PROGESTERONE ACETATE WITH VITAMIN D LEVELS AND BONE MINERAL DENSITY

**Edson Santos Ferreira-Filho**   
Factors associated with choosing a long-acting reversible contraceptive (LARC) method among adolescents who have already been pregnant: a cross-sectional study

**Chunming Li**   
MiR-204 regulates autophagy and cell viability by targeting BDNF and inhibiting the NTRK2-dependent PI3K/Akt/mTOR pathway in a human granulosa cell line exposed to bisphenol A

**Sander Dumont**   
Virtual Reality Simulation in reducing discomfort and pain during intrauterine device insertion: a randomized clinical trial

HALL GALEN ORAL PRESENTATION 17:00-18:30

## ENDOMETRIOSIS, ADENOMYOSIS, MYOMA

Chairperson/s: Nicola Pluchino , Xiaoyan Li **Mariam Kaviladze** 

The Evaluation of Efficacy and Safety of Application of Indole-3-carbinol (C9H9N O) in the Treatment of Patients with Various Types of Uterine Fibroids

**Fedora Ambrosetti** 

Effectiveness of Relugolix combination therapy in a clinical setting: preliminary results of an Italian multicenter real life experience.

**Francesco La Torre** 

Dienogest for endometriosis-related pain: the possible use of vaginal administration

**Jaewon Na** 

Impact of bone mineral density on long-term use of dienogest: over 7 years of data

**Alina Atalyan** 

Retinol and Tocopherol Modify the Negative Association of Hyperandrogenemia and Uterine Fibroids in Caucasians Premenopausal Women

**Laura Pivazyan** 

Iron metabolism markers in peritoneal fluid of patients with endometriosis: systematic review and meta-analysis

**Angelika Vízintin** 

Candidate blood biomarkers for peritoneal endometriosis identified with transcriptomics and machine learning

**Xin Huang** 

Influence of CD8(+) tissue-resident memory T cells on the eutopic endometrial immune microenvironment and endometrial receptivity in minimal/mild endometriosis

**Giosuè Giordano Incognito** 

Psychological stress and coping strategies among women with mild and deep infiltrating endometriosis: an Italian survey-based study

**Mariam Kaviladze** 

Comparative Assessment of Expression Levels of Various Subunits of Acetylcholine Nicotinic Receptors in Patients with Ovarian Endometriosis

HALL GYNENDO ORAL PRESENTATION 17:00-18:30

## GYNECOLOGICAL CANCER

Chairperson/s: Tommaso Simoncini , Julie Plougmann Gislings **Yue Zhao** 

Mechanism of PGRMC1 promoting breast cancer cell proliferation and resistance to endocrine hormone therapy

**Thaina de Jesus Souza** 

Molecular identification of Y chromosome fragments in patients with Turner mosaicism: a rapid, reliable and accessible method.

**Sapiiat Isaeva** 

Metformin and progestins in women with atypical hyperplasia and early endometrial cancer: systematic review and meta-analysis

**Micaela Giovana Alves Pinheiro da Cunha** 

MiRNAs expressions in primary and recurrent uterine leiomyosarcoma

**Vincent Wuidar** 

DOES PULSED NATURAL ESTROGEN THERAPY REDUCE BREAST CANCER RISK?

**Yuejiao Wang** 

MiR-181a Positively Regulates Autophagy by Increasing Beclin1 and LC3 II/I in PGRMC1-overexpressing Breast Cancer Cells

**Marija Gjorgoska** 

11-oxyandrogen in-situ bioactivation as a hallmark of differentiated HGSOC molecular subtype with a potential role in HGSOC precursor lesion formation

**Julie Plougmann Gislings**

Living a cancer surveillance life: A systematic review of different paradoxes affecting everyday life of women at risk of Hereditary Breast and Ovarian Cancer

**Natalija Berza**

Prevalence of Human papillomavirus in the European country with a high incidence of cervical cancer

**Stefanos Zervoudis** 

Modern management of pathological nipple discharge: our experience

## FRIDAY 10TH 18:30

HALL GREM ASSEMBLY 18:30-19:30

## FISGE GENERAL ASSEMBLY

SATURDAY, MAY 11TH 2024

## SATURDAY 11TH 08:30

HALL GRAAF THERAPEUTIC FORUM 08:30-09:30

## METABOLIC SYNDROME

**Alessandro Genazzani**   
Metabolic Syndrome

FALLOPPIO MEET THE EXPERT 08:30-09:30

## IMPACT AND INTEGRITY AND QUALITY OF SCIENTIFIC PUBLICATION IN GYNECOLOGICAL ENDOCRINOLOGY

Chairperson/s: John Stevenson 

**Peter Chedraui**  
Impact of Scientific Publications on women's health

**Irene Lambrinoudaki**   
Integrity and Quality in scientific publications: What editors look for

HALL HIPPOCRATES SYMPOSIUM BY SCIENTIFIC SOCIETY LSGE - LATVIAN SOCIETY OF GYNECOLOGICAL ENDOCRINOLOGY

08:30-09:30

## WEIGHT GAIN: A WOMEN'S LIFELONG BATTLE

**Lasma Lidaka**  
The journey begins: what women can expect from age 15+

**Ieva Briedite**  
Women in reproductive life: navigating weight gain

**Ineta Vasaraudze**  
Life in Menopause; How to Balance

HALL GALEN SYMPOSIUM BY SCIENTIFIC SOCIETY ALEG - ASOCIACIÓN LATINOAMERICANA DE ENDOCRINOLOGÍA

GINECOLÓGICA 08:30-09:30

## FEMALE ENDOCRINOLOGY. MILESTONES IN A WOMAN'S LIFE

Chairperson/s: Alejandro Manzur Yanine 

**Selva Lima**  
Diabetes and pregnancy

**Sebastian Mirkin**   
PCO in women of reproductive age. Something new?

**Alejandra Elizalde Cremonte**  
Hormones and skin in Menopause

**Raul Dominguez Gonzalez**   
THM is it necessary?

**José Luis Elizarrarás Cendejas**   
Discussion

**Jorge Alejandro Michel Vergara**   
Discussion

HALL GYNENDO SCHOLARSHIP COURSE 08:30-11:30

## PART 3 - 2024 UPDATES IN GYNECOLOGICAL ENDOCRINOLOGY

**Mark Brincat**  
The manifestation and treatment of Polycystic Ovaries in the over 40's

**Antonio Cano**   
Weight & body fat distribution across menopausal transition: which relevant actors?

**Cuahtémoc Celis González**   
Conventional THM vs Bioidentical compounds: analysis of the evidence

**SATURDAY 11TH 09:45**

HALL GRAAF SYMPOSIUM 09:45-11:15

**MENOPAUSE: THE IMPORTANCE OF INDIVIDUALIZED THERAPIES**Chairperson/s: Pauline Maki  Walter Rocca **Frederick Naftolin** 

Is it time to treat menopausal obesity with estrogen?

**Jean Francois Arnal** 

Selective activation of nuclear ERa with Estetrol bypasses the loss of membrane ERa signaling in arteries during aging

**Lydia Marié Scemama** 

Cardiovascular risk in women over 40. The role of teamwork by the GP and/or cardiologist and the gynecologist

**Luciano de Melo Pompei** 

Is it allowed to use HRT after gynecologic cancer?

**Andrea Genazzani** 

Androgen supplementation from menopausal transition to elderly

FALLOPPIO SYMPOSIUM 09:45-11:15

**MICROBIOMA: A GREAT PARTNER FOR REPRODUCTIVE HEALTH**Chairperson/s: Blazej Meczekalski  Joseph Schenker**Amedeo Amedei** 

The Microbiota-Immunity axis in the reproductive system

**Inmaculada Moreno** 

The endometrial microbiome - a window into reproductive health

**Harel Seidenweg**

Antibiotic resistance and microbiota

HALL HIPPOCRATES ORAL PRESENTATION 09:45-11:15

**PREGNANCY**Chairperson/s: Howard Carp  Laura Cucinella **Ilianna Armata** 

Infertility and Adverse Pregnancy Outcomes

**Libera Troia** 

Inappropriate gestational weight gain impact on maternal-fetal outcomes in obese women

**Iryna Nikitina** 

Problems of placental angiogenesis in pregnant women with COVID-19

**Svitlana Heryak** 

RISK FACTORS FOR OBSTETRIC COMPLICATIONS IN PREGNANT WOMEN WITH OBESITY

**Viktoriia Kuchmii** 

RISKS OF A PATHOLOGICAL CHILDBIRTH IN WOMEN - TEMPORARILY DISPLACED PERSONS WHO HAVE EXPERIENCED STRESS AS A RESULT OF MILITARY AGGRESSION IN UKRAINE

**Daniela Labre** 

Approach to Domestic Violence in Obstetric and Gynecological Care by Medical Residents

**Alina Godzoeva** 

Maternal extracellular vesicles association with placenta accreta spectrum disorders

**Jacques Cohen**

CGH of Products of Conception in Recurrent Miscarriage: Can Genetic Testing Personalize Treatment?

**Ofeliia Bettikher** 

Method for limiting placental transfer of drugs during pregnancy

HALL GALEN SYMPOSIUM BY SCIENTIFIC SOCIETY AAPEC - ASOCIACION ARGENTINA PARA EL ESTUDIO DEL CLIMATERIO

09:45-11:15

**HEALTHY AGING: A GREAT CHALLENGE FOR THE GYNECOLOGIST**

Chairperson/s: Gustavo Litterio

**Pablo Carpintero**

Healthy Aging: Challenges for the next decades

**Claudia Cristina Rey**

Impact of menopause on the skin, hair and mucoses

This site uses cookies to offer you a better browsing experience.

Find out more on how we use cookies.

**Candela Fernandez**  
Update on use of Vitamin D by the gynecologist

## SATURDAY 11TH 11:45

HALL GRAAF BRUNO LUNENFELD LECTURE 11:45–12:15

### 50 YEARS OF CHASING THE MECHANISM OF THE LH

Chairperson/s: Sarah Berga 

**Frederick Naftolin**   
50 years of chasing the mechanism of the LH surge

FALLOPPIO KEY LECTURE 11:45–12:15

### DO GLOBAL GUIDELINES STILL MAKE SENSE? THE EXAMPLE OF MENOPAUSE

Chairperson/s: Irene Lambrinoudaki 

**Martin Birkhaeuser** 

HALL HIPPOCRATES KEY LECTURE 11:45–12:15

### NEW APPROACHES TO DIAGNOSIS, SURGICAL ACTIVATION OF OVARIAN FUNCTION AND REHABILITATION IN PATIENTS WITH POI WITH AUTOIMMUNE ANTIBODY PROFILE ASSESSMENT

Chairperson/s: Andrea Genazzani 

**Leila Adamyan** 

## SATURDAY 11TH 12:30

HALL GRAAF SYMPOSIUM 12:30–14:00

### ENDOMETRIUM AND ENDOMETRIAL CANCER

Chairperson/s: Antonio Cano , Leila Adamyan 

**Andrea Giannini**   
Conservative treatment of premalignant and malignant lesions of the endometrium in reproductive age

**Frederic Goffin**   
How does the new in the molecular classification of endometrial cancer impact the surgical management?

**Angiolo Gadducci**   
Management of patients with endometrial cancer

FALLOPPIO SYMPOSIUM 12:30–14:00

### FEMALE ENDOCRINE TRANSITIONS AND EMERGENCE OF AUTOIMMUNITY:

Chairperson/s: Nick Panay , Charles Sultan 

**Laura Gaspari**   
The relationship between Puberty and the Immune System

**Marta Mosca**   
Pregnancy and systemic lupus erythematosus

**Roberta Diaz Brinton**   
Menopause: Transitioning to the Neurologist

**Johannes Ott**   
The link between autoimmunity and premature ovarian insufficiency – just an association or a causal role?

HALL HIPPOCRATES ORAL PRESENTATION 12:30–14:00

### GDM, ECLAMPSIA, LABOUR AND DELIVERY

Chairperson/s: Peter Chedraui , Alina Godzoeva 

**Ylva Vladic Stjernholm** 

Progesterone gel and placebo prolonged pregnancy more effectively than intravenous tocolysis alone in women with early preterm labor at 24 – 28 weeks

**Sanghamitra Hazarika** 

A case of sporadic thoracic intramedullary hemangioblastoma in a primigravida

**Ekaterina Kopteeva** 

Blood flow redistribution in the fetal umbilical-portal venous system in pregnancy with diabetes mellitus

**Alina Godzoeva** 

The role of extracellular vesicles in the development of fetal-placental circulation disorders in preeclampsia

**Ge Chen** 

The alteration of uterine microbiota participated in the elevation of decidual IL-1β in early spontaneous abortion

**Bakhodir Kurbanov** 

The role of the endothelial NO synthase inhibition gene in the development of severe preeclampsia

HALL GALEN ORAL PRESENTATION 12:30–13:30

**CLIMACTERIC SYNDROME**

Chairperson/s: Martin Birkhaeuser  Edson Ferreira-Filho 

**Rakibul Islam**

Menopausal Status and Depression: A Causal Forest Approach

**Cuahtémoc Celis-González** 

Cross-sectional study of women with vasomotor symptoms associated with menopause in Mexico – WARM study

**Mariana Martins** 

"MENOPAUSANDO": SOCIAL MEDIA AS A HEALTH EDUCATION STRATEGY FOR WOMEN TRANSITIONING INTO MENOPAUSE AND POSTMENOPAUSE

**Laura Cucinella** 

Impact of autoimmune thyroiditis on signs of vulvo-vaginal atrophy in a sample of midlife women

**Linjuan Ma** 

Vaginal microbiota, menopause, and the use of menopausal hormone therapy: a cross-sectional study in Chinese women

**Aline Ferreira** 

The correlation between symptoms, signs and vaginal hormonal cytology for the diagnosis of genital atrophy in menopausal women, a cross sectional study

**Edson Santos Ferreira-Filho** 

Premature ovarian insufficiency and early menopause d of life in young women with breast cancer

**Zhiliang Wang** 

High intensity focused ultrasound treated for perimenop syndrome ith uterine fibroids also alleviate perimenopausal

**Antonina Smetnik** 

National Survey on MHT among Russian Gynecologists

**Amanda Vincent**

Updating the International Menopause Society's recommendations on midlife women's health: Women's and health professional's needs and preferences

HALL GYNENDO ORAL PRESENTATION 12:30–13:30

**IMPLANTS, IMMUNE SYSTEM, OXIDATIVE STRESS**

Chairperson/s: Blazej Meczekalski  Pietro Molinaro 

**Yoori Shin** 

Particulate Matter Exposures Induce Adverse Effects on Endometrial cells via Aberrant Inflammatory Pathways in vitro and in vivo

**Yaroslava Anoshko** 

Natural versus hormonally treated cycles: changes in the immunophenotype of endometrium

**Camila Silveira de Souza** 

Exploring the Role of Platelet-Rich Plasma (PRP) in Endometrial Repair: A Case Series

**Karla Krislane Alves Costa Monteiro** 

Evaluation of the antioxidant effects of melatonin in ovarian transplantation during cryopreservation: an experimental study with analysis of the enzyme superoxide dismutase

**Luana Teixeira S. Rodrigues** 

Optimizing Perinatal Outcomes: Assessing Blastocyst Quality and Its Impact in Frozen-Thawed Single Blastocyst Transfer Cycles

**Isadora Badalotti-Telöken** 

ARE THE BLASTOCYST DIAMETER AND THE INNER CELL MASS AREA POSSIBLE PARAMETERS FOR BLASTOCYST QUALITY AND PREGNANCY RATES PREDICTION IN ASSISTED REPRODUCTION?

**Margarita Shengeliia** 

Effectiveness of paternal lymphocyte immunization in women with recurrent pregnancy loss

**Pietro Molinaro** 

Intra-ovarian injection of plasma rich in platelet growth factors to promote follicle rescue and oocyte quality in poor ovarian response women

**Yana Martirosyan** 

Zhijing Tang 🇨🇳

CD55 deficiency impedes decidualization in unexplained early miscarriage through disturbing Src/ERK signaling pathway

Isabel Castaño Ruiz 🇪🇸

Relation between oxidative stress and ovarian reserve among young healthy women

## SATURDAY 11TH 14:00

FALLOPPIO CLOSING CEREMONY 14:00-14:15

GET THE PRELIMINARY PROGRAM
